DEHS JOURNAL *TRANSMISSION LINES* INDEX - 1995-2019

This document comprises the index for *Transmission Lines* Volumes 1 to 24 (1995 - 2019), sorted by article title (Pages 2 to 19) and author (Pages 19 to 36).

The next Index will be published in Jan/Feb 2021.

We would welcome any comments, or notifications of errors, by email to info@dehs.org.uk .

Changes incorporated in this version:

Version	Amendment	Vol	Month/Yr	Page

Feb 2020	- Added feature articles in 2019 editions
	- Major amendments to improve usability:
	  o Article titles re-arranged/modified, so most articles now grouped by major topic eg “Radar”, “Magnetron”, “DEHS”.
	  o Each authors’ articles mainly listed in chronological order. To assist this, it has been necessary to delete “post nominal data eg “OBE”.
	- Minor corrections			

Notes:

1. Index entries for “Letters to the Editor” are sorted by subject matter and are indicated by “[LtE]”
2. Index entries for “Requests for information” are sorted by subject matter and are indicated by “[RfI]”
